2023-24 Overview

Last academic year our school's key priorities focused on embedding our revised curriculum, developing high quality adaptive teaching and learning across the school ensuring opportunity for all. We developed our 'ready to learn' attitude through our new behaviour policy supporting emotional wellbeing. In EYFS we developed the provision and learning environment of the EYFS, strengthening the progress of children's love of reading and writing. In addition, we further embedded our values and our school's Christian distinctiveness across the school.
